SAMI AMIN AL-ARIAN,

ORDER

1

THIS CAUSE is before the court on **Defendant Sami Amin Al-Arian's Pro Se**Motion for Reconsideration of Motion to Facilitate Legal Defense Functions to Insure

Effective Self-Representation as a Pre-Trial Detainee (Doc. 286). By this motion the

Defendant requests the court reconsider its order of August 28, 2003. See (Doc. 240). By this

Order, the court granted in part several requests made by the Defendant. As indicated by the

Order, the balance of the requests were denied. By the instant motion, the Defendant seeks to

have the court revisit the previously raised matters. Upon consideration, the motion for

reconsideration is **DENIED**.¹

Done and Ordered in Tampa, Florida, this 1st day of October 2003.

Counsel for Defendants

¹As the Defendant is well aware, the court's denials (or deferral of ruling) were based on the fact that the law did not require the Government to provide certain of the matters requested, several of the requested matters were contrary to policies or practices at FCC Coleman or as dictated by the policies and procedures of the Marshal Service in this district. The court's rulings on certain of the requests were simply deferred pending such matters becoming ripe for its consideration. The instant motion provides no additional factual basis which prompts the court to revisit either the denials or the deferral of its rulings on those matters.
